sabcs.org | #SABCS20
Dear Supporters and Friends,

We invite you to participate in the San Antonio Breast Cancer Symposium December 8 – 12, 2020 at the Henry B. Gonzalez Convention Center in San Antonio, Texas. This international scientific symposium is the premier event for researchers, health professionals, and those with a special interest in breast cancer.

The Symposium has worked to provide state-of-the-art information on developments in breast cancer, aiming to achieve a balance among clinical, translational, and basic research for forty-three years. Patient benefit is the ultimate outcome and through SABCS and its post-symposium resources, such as the SABCS On Demand, your support has helped professionals from all over the world come together for an important exchange of information. Your support has also enabled us to disseminate that information worldwide. Those of you who have worked with us through the years are a positive force in the progress of breast cancer research and treatment. For all of this we are deeply and sincerely grateful.

The Symposium provides a forum for interaction, communication, and education. SABCS attracts thought-leaders, academic and private physicians and researchers, as well as other health care professionals focused on curing breast cancer. SABCS facilitates discussion and education about new and late-breaking research including experimental biology, etiology, prevention, diagnosis, and therapy of breast cancer and pre-malignant breast disease, as well as new findings from clinical trials. The Symposium also attracts young investigators by providing superior education and training opportunities for the next generation of breast cancer researchers.

This prospectus provides a snapshot of what the Symposium has to offer and highlights important information related to your exhibit experience.

New sponsorships have been added and established ones changed in order to provide a broad range of opportunities. We hope that, whether you are a past supporter or new to SABCS, you will find a level of participation that is comfortable for you and of mutual benefit to us all. If you are considering supporting SABCS, then we hope that you will find that the options offered in this prospectus meet your needs.

You are invited to contact the symposium office at sabcs@uthscsa.edu or 210-450-1550 regarding any questions or comments.

We look forward to hearing from you very soon.

SUPPORT FOR SABCS
Commercial firms, industry, corporations, foundations, and other organizations that share its mission to prevent and cure breast cancer and are interested in helping to defray the costs of presenting this important international meeting, are invited to provide support for SABCS scientific and educational activities, publications, and other products. Funds received from industry are used in accordance with CME standards to defray expenses related to accredited educational activity. A wide array of support opportunities are available. Support in any amount is greatly appreciated.

SABCS alone will determine the content of their scientific and educational activities and will own all associated intellectual property. SABCS will also determine the distribution, production, and pricing of the activity’s materials.

All pledges of support must be confirmed by written advance notice of the intended support. The terms, conditions, and purpose of support must be documented by a signed agreement from the organization providing the support. SABCS may not enter into an agreement which requires either entity to accept the supporter’s advice or services, whether with regard to content, the selection of speakers or invitees, or other attributes of the meeting or activity.

SABCS will acknowledge support in program materials as applicable but will not permit representatives of organizations providing support to engage in sales or promotional activities or to distribute commercial promotional materials in the room where the activity takes place. Display or distribution of promotional materials, including standards related to product specific advertisement and other product promotion, before, during, and after an educational activity offered for credit must conform to all applicable continuing medical education (“CME”) standards.

BENEFITS OF SUPPORT
• Interact and communicate directly with leading decision makers and other medical professionals specializing in breast cancer research and treatment from around the world.
• Benefit from association with SABCS while helping to ensure the ongoing success of this premier international Symposium.
• Recognition - All companies that commit to support SABCS will be acknowledged on the Symposium website sabcs.org, in Symposium print materials such as the Program and Newsletter, and on signs & slides during the Symposium.

LEVELS OF SUPPORT

MEETING PROFILE
The 2020 San Antonio Breast Cancer Symposium (SABCS) is presented by the UT Health San Antonio MD Anderson Cancer Center, the American Association for Cancer Research (AACR), and the Baylor College of Medicine. The driving force behind this collaboration is the shared mission of the organizations to advance progress against breast cancer. By combining their respective strengths, the San Antonio Breast Cancer Symposium encompasses the full spectrum of breast cancer research and facilitates the rapid transition of new knowledge into improved care for breast cancer patients.

The San Antonio Breast Cancer Symposium attracts academic and private physicians and researchers, as well as other healthcare professionals focused on curing breast cancer, to discuss and learn about new and late-breaking research including experimental biology, etiology, prevention, diagnosis, and therapy of breast cancer and pre-malignant breast disease, as well as new findings from clinical trials. This program attracts thought-leaders and high quality proffered papers in basic and translational breast cancer research. It also encourages the participation of young investigators by providing superior education and training opportunities for the next generation of breast cancer researchers.

SYMPOSIUM OBJECTIVE
The objective of the Symposium is to provide state-of-the-art information on the experimental biology, etiology, prevention, diagnosis, and therapy of breast cancer and premalignant breast disease, to an international audience of academic and private physicians and researchers.

AUDIENCE COMPOSITION
The majority of the participants are physicians and researchers, with smaller representation by affiliated healthcare professionals.

LOCATION
Henry B. Gonzalez Convention Center, 900 E. Market Street, San Antonio, Texas 78205, is the symposium site.

1. STATEMENT OF MARKET SERVED:
San Antonio Breast Cancer Symposium is presented by the UT Health San Antonio, the American Association for Cancer Research, and Baylor College of Medicine. The shared mission of the organizations is to advance the field of breast cancer research and treatment and to present current information for basic, translational and clinical cancer research professionals. The symposium is designed to provide information on the experimental biology, etiology, prevention, diagnosis, and therapy of breast cancer and premalignant breast disease to an international audience of academic and private physicians and researchers involved in breast cancer in medical, surgical, gynecologic, and radiation oncology, as well as other appropriate health care professionals.

2. STATEMENT OF VERIFICATION METHODOLOGY:
Pre-registered attendees receive their badge onsite by visiting a manned station. When arriving on-site pre-registrants receive a badge holder and the barcode on their badge is scanned which inserts a date stamp into the record. At a manned station an attendant will look-up their record, verify the attendee and then print the badge. When the badge is printed it is also verified at the same time with the date and time stamp of when they printed their badge. If a badge was re-printed the original data and time stamp is retained.

MARKETING OF PRODUCTS AND SERVICES OUTSIDE OF THE EXHIBIT HALL

Except as specified below, the only appropriate and acceptable venue for the distribution of advertising or marketing materials is the exhibit hall. Commercial firms and other organizations may not, for example, engage in marketing activities through the use of hotel television channels, individual company distribution of marketing materials in hotels (e.g., giveaways, flyers or door drops not sponsored by SABCS), or the branding of beverage napkins, hotel keys, etc. At the meeting venue, marketing materials may not be offered, distributed, or displayed anywhere other than the Exhibit Hall unless a specific prior exception has been granted by SABCS.

Mobile advertisements (including advertising via drones, buses, taxis, Segway’s, boats, planes, street cars, food trucks, etc.) within the meeting location’s metropolitan area, including airports, within ten (10) days before, during, or after the meeting, are strictly prohibited.

Stationary advertising (e.g. billboards and airport signage) requires advance review and approval by SABCS. It must be company and/or product specific and not include mention of SABCS or the name, dates, or venue of the SABCS meeting. Exhibitor booth numbers may be included. The use of any name, logo, or trademark of SABCS is strictly prohibited without SABCS’s advance written consent. For approval, please contact sabcs@uthscsa.edu.

As an organization accredited by the ACCME to provide continuing medical education, SABCS maintains professional standards in relation to all events and activities at its meetings. In accordance with ACCME standards, SABCS does not permit exhibitors to promote SABCS’s scientific or educational programs. Advertising, marketing materials, and product literature distributed inside or outside the Exhibit Hall must not contain any reference to specific posters or meeting sessions. Companies may advertise activities taking place in their booth.

Exhibitors must submit a sample of all advertising or marketing materials related to SABCS, including but not limited to flyers, internet postings, emails, online advertisements, and postcards, for approval subject to compliance with SABCS mailing list guidelines.

Exhibitors using their own mailing lists must submit the sample materials in advance to SABCS. For approval, please contact sabcs@uthscsa.edu or call 210-450-1550.

EXHIBITS AND THE EXHIBIT HALL

To ensure that exhibit space complements the educational mission of SABCS, SABCS will review requests for exhibit space to determine whether prospective exhibitors and their products meet SABCS criteria and standards. During its meeting, SABCS will monitor exhibitor activities, displays, products, giveaways, and conduct for compliance with SABCS policies, and the terms of the Exhibitor Agreement.

To obtain exhibitor feedback and improve the operation of the Exhibit Hall, SABCS will invite all exhibitors to an onsite Exhibitor Town Hall Meeting. Feedback may also be provided by email at sabcs@uthscsa.edu.
COMPLIANCE WITH LAW, REGULATIONS, AND EXHIBITOR AGREEMENT

1. General Requirements, Amendments
This Policy is to be construed as a part of the Exhibitor Agreement and together, the Exhibitor Agreement and this Policy supersede any other agreement between SABCS and exhibitors regarding exhibit space during SABCS, unless specifically provided in such other agreement. All interpretations, as well as answers to questions and matters not specifically covered by this Policy, will be decided by SABCS at its sole discretion. SABCS reserves the right to make any reasonable changes to this Policy or to the Exhibitor Agreement as necessary to ensure the health and safety of those in attendance and the orderly and appropriate operation of the Exhibit Hall.

Exhibitors will be advised of any such changes by email and such changes will be equally binding on all parties affected and will take effect upon delivery of notice by SABCS.

2. Safety and Access Laws
Exhibitors must comply with all applicable laws and regulations, including rules of the meeting facility. Exhibitors should follow government guidelines under the Americans with Disabilities Act of 1990 when providing for access to exhibit space. The exhibitor must strictly observe all applicable fire and safety laws and regulations. Cloth decorations must be flameproof. All electrical wiring and equipment installed must comply with the facility/local Electrical Code and Fire Department Regulations. Approved Electricians reserve the right to refuse connections where wiring constitutes a safety hazard or does not meet the Electrical Code. If an exhibitor is found in non-compliance of the Code, approved electricians may be able to correct the fault and restore the booth to Code. This will be done on a time and materials basis at the exhibitor’s expense.

Exhibits must not block aisles or fire exits. No combustible decoration, such as crepe paper, cardboard, or corrugated paper shall be used at any time. All packing containers, wrapping material, etc. are to be removed from the exhibit floor and may not be stored under tables or behind the exhibits. Flammable fluids and material must be kept in safety containers in compliance with facility and local fire department rules and regulations. Open flames, all LP Gases, and oxygen tanks are not permitted.

5. Attorneys’ Fees, Governing Law, Jurisdiction
The Exhibitor Agreement between the exhibitor and SABCS, of which this Policy is a part, shall be governed by the laws of the Texas, without regard to choice of law provisions. The exhibitor and SABCS consent to the exclusive subject matter and personal jurisdiction of the federal and state courts in Texas, over any dispute arising under the Exhibitor Agreement or SABCS’s enforcement of SABCS policies and standards. In the event that SABCS litigates to enforce its rights, it shall be entitled to reasonable attorneys’ fees incurred in connection with a judgment obtained by it.
**Eligible Exhibitors**

Only a company or other organization identified in a signed Exhibitor Agreement, submitted either by hard copy or online, that has been approved by SABCS may exhibit at or in connection with SABCS. SABCS retains the sole and exclusive right to determine which companies and organizations may exhibit at or in connection with SABCS. Only the organization whose name appears at the top of its Exhibitor Agreement is eligible to be placed in the booth or appear on any printed list of exhibitors.

**Eligible Exhibits**

**Compliance with Applicable Law and Regulations**

All exhibits and exhibited items must comply with all applicable local, state, and federal law and regulations. Exhibitors are responsible for compliance with meeting applicable legal requirements, including, if applicable, FDA regulations which govern the labeling of displayed products, prohibit sponsoring hands-on or educational events for non-approved products, and affect how booth descriptions may be listed in meeting programs. 1. **Theatres, pavilions, and other designated areas**

Exhibitors whose products or services meet the requirements of a Theatre, pavilion or designated area in the Exhibit Hall (as determined by SABCS), as well as SABCS’s guidelines for eligible exhibits, may be eligible to exhibit or engage in specified activities within an SABCS-designated Theatre or other areas. Any special requirements, policies, or guidelines developed by SABCS for designated Theatres other areas in the Exhibit Hall are to be construed as part of this Policy and the Exhibitor Agreement.

Approval shall be in SABCS’s sole discretion, but will not be granted unless sufficient documentation is provided to SABCS that demonstrates that the product’s claimed health benefit(s) are supported by competent and reliable scientific evidence. Exhibit Content and Booth Regulations

1. Exhibit Content and Activities
   The Exhibit Hall atmosphere must always be congruent with the educational mission of SABCS. All booth activities and content must be professional in nature and provide educational information related to the field of breast oncology.

2. Advance Approval of Booth Activities Required
   Exhibitors must submit to SABCS any request for booth activity for approval no less than thirty (30) days prior to the first move-in day for the SABCS. Passing out exhibitor materials and information and talking to attendees within an exhibit booth are not considered booth activities and do not need to be included in exhibitors’ approval requests.

3. Admission to the Exhibit Hall
   Exhibitors must wear the official SABCS supplied badge at all times in the Exhibit Hall. All badges are nontransferable and are the sole property of SABCS. SABCS and event security personnel reserve the right to revoke any badge at any time. No one under the age of 18 is allowed access to the exhibit area at any time. Access to the Exhibit Hall during set-up and dismantle times for booths is restricted to the published hours unless special arrangements have been made with SABCS. Please contact SABCS security for assistance with access to the Exhibit Hall for hours other than those listed.

4. Exhibit Space Selection
   SABCS shall assign exhibit space and reserves the right to change the location of said exhibit space at any time and for any reason. Exhibitors who change the size of their exhibit space are not guaranteed the originally assigned location and are subject to relocation by SABCS.

5. Exhibit Display and Exhibit Booth Construction
   All exhibit floor spaces must be completely carpeted or covered with an approved material (bare floors in booths are not allowed). If an exhibitor’s floor space is not covered by 2:00 PM on the day prior to the Exhibit Hall opening, SABCS will arrange for the general services contractor to install carpet at the exhibitor’s expense. Exhibitors may not apply paint, lacquer, adhesive or other coatings to building columns, floors or walls, or to standard booth equipment. Electrical cords, rear sides of audio/visual equipment and other aspects of the exhibit not intended for public view must be concealed or displayed so as not to distract from neighboring exhibits. Any portion of exhibit with visible unfinished sides or back exposed must be draped off at the exhibitor’s expense.

   Raised floors must be non-hazardous and wheelchair accessible. Edges of raised floors must be ramped or guarded sufficiently to prevent people from tripping or falling at transitions.

6. Inline Booth
   Inline booths are generally arranged in a straight line and have neighboring exhibitors on their immediate right and left, leaving only one side exposed to the aisle. SABCS will provide a standard draped booth, consisting of an 8’ high backdrop, 36” draped side rails, and a 7”x44” Company ID sign which will include the “exhibiting as” company name from the exhibit space application and the booth number. Hanging signs are not permitted over inline booths.

   Regardless of the number of inline booths utilized, display materials should be arranged in such a manner so as not to obstruct sight lines of neighboring exhibitors. The maximum height of 8ft (2.44m) is allowed only on the rear half of the booth space, with a 4ft (1.22m) height restriction imposed on all materials in the remaining space forward to the aisle. No objects or decorations that obstruct visibility will be permitted. Note: When three or more inline booths are used in combination as a single exhibit space, the 4ft (1.22m) height limitation is applied only to that portion of exhibit space which is within 10ft (3.05m) of an adjoining booth.

   Inline booths that are 14’ height (any booth over 10’) will be placed on the back wall.
7. **Corner Booth**
   A corner booth is an inline booth at the end of a series of inline booths with exposure to intersecting aisles on two sides.

   Corner booths do not include 36” draped side rails on the open corner(s) unless special arrangements have been made in advance. For special arrangements, please contact [sabcs@uthscsa.edu](mailto:sabcs@uthscsa.edu) for other guidelines for inline booths apply.

8. **Island Booth**
   An island booth is exposed to aisles on all four sides. An island booth is typically 400 square feet (20’x20’) or larger, although it may be configured differently. Exhibitors who wish to construct an island booth are required to submit a scaled floor plan and elevation diagram (digitally) to SABCS for approval at least thirty (30) days prior to the Symposium. These plans must include hanging signs, rigging components, and water features. The plan must include the scale utilized. Any changes that occur after initial submission must be resubmitted to SABCS for approval prior to the Annual Meeting. Multi-level island booths are not permitted.

   Island booths are to be constructed to allow a contiguous two-foot (2’) access into the booth from all sides (aisles) to allow attendees to view booth items within the confines of the booth. Kiosks, podiums, help desks, etc. must be set back two feet (2’) from the entry access point of the booth. Walls built within an exhibitor’s booth are exempt from this requirement. All island booths must have ample sight lines to ensure adjacent exhibits are visually accessible. The maximum height of an island booth is fourteen (14) feet. The top of the booth’s sign may not extend more than fourteen (14) feet from the Exhibit Hall floor and cannot block the visibility of SABCS signs or other exhibitors’ booths. There must be a minimum clearance of 8’ from the bottom of any hanging sign/structure to the Exhibit Hall floor if attendees are expected to walk below such sign/structure. Signage over walls or static structures will require a significant clearance between the top of a wall or static structure and the bottom of a sign, banner, or header to ensure clear sight lines through the Exhibit Hall. Hanging signs must be hung directly over the island booth and not in the aisles. Installation of hanging signs must take place according to the schedule provided in the Exhibitor Service Kit.

   Island booths may use water features in their exhibit with advanced review and approval by SABCS. Water features must be included in the scaled floorplan and elevated diagram that is submitted to SABCS for approval at least thirty (30) days prior to SABCS.

   Island booths may use special lighting. Lighting must be directly over or in the exhibitor’s booth and cannot affect other exhibitors or aisles. The Exhibit Hall lighting may not be dimmed or blacked out to accommodate exhibitors’ lighting requirements. The exhibitor is responsible for all costs associated with special lighting.

9. **Rigging Requirements - Truss, Lighting, and Hanging Sign Installation**
   Exhibitors who wish to order Truss, Lighting, and Hanging Sign Installation are required to submit the specifications with their booth rendering submission, as described in Section IV.

   The specifications must include a scaled floor plan (digitally) of the item(s) and must be submitted to SABCS for approval through the Exhibitor Resource Center (available online in February) no less than thirty (30) days prior to the first move-in day of the Annual Meeting. The plans must include the scale utilized. All Truss, Lighting, and Hanging Sign Installation must take place according to the schedule provided in the Exhibitor Service Kit.

10. **Tabletop Exhibits**

If an exhibitor does not properly handle empty boxes, SABCS will remove the boxes at the exhibitor’s expense. The storage of materials also must comply with local fire department and Underwriters Laboratories’ rules.
Prohibition Upon Subletting Space and Permitting Unauthorized Access/Exhibits

1. **No Assignment of Space or Exhibition of Unapproved Goods or Services**
   Exhibitors may not assign, sublet, or apportion any part of the space allotted to them and may not advertise or display goods or services other than those manufactured or sold by them in the normal course of business and approved by SABCS for exhibition during the meeting.

2. **Unauthorized Access and Misuse of Badges**
   False certification of individuals as exhibitor’s representatives, misuse of exhibitor badges, or any other method of assisting unauthorized persons to gain access to the exhibit floor or meeting sessions will be just cause for expelling the exhibitor from the Exhibit Hall or removing his/her exhibit from the exhibit floor without obligation on the part of SABCS for refund of any fees.

3. **Activities on Behalf of Non-Exhibiting Firms**
   The demonstration of products, advertising, and/or solicitation of business of any kind on behalf of non-exhibiting firms in any part of the meeting facility (including guest rooms, suites, educational and scientific meeting rooms, poster sessions, and function space) is strictly prohibited.

Use of Contractors for Provision of Exhibit Services
Exhibitors shall employ only union labor (as made available by the official contractors) for the installation or dismantling of an exhibit and in its operation when required by local union agreements binding on SABCS and/or the meeting facility(s). An exhibitor using an outside contractor for the above work should employ only union display companies and must complete the Notification of Intent to Use an Exhibitor Appointed Contractor Form located in the online Exhibitor Resource Center and supplying evidence of adequate liability insurance coverage as required by SABCS. Exhibitor Appointed Contractors (“EACs”) must also comply with the policies and procedures set forth by the meeting facility. All EACs are required to have their work and staging areas set up within their client’s contracted space and not in any other area such as the loading docks, food court, posters, etc.

Further details and regulations will be included in the Exhibitor Service Kit.

Emergencies, Strikes, Embargos, Other Occurrences Beyond SABCS’s Control

1. **SABCS Right of Termination**
   SABCS will not be responsible for any delays, damage, loss, increased costs, or other unfavorable conditions caused by circumstances beyond its control. In the event that the Exhibit Hall premises have or shall become, at the sole determination of SABCS, unfit for occupancy, or are substantially interfered with by any cause or causes not reasonably within the control of SABCS, the Exhibitor Agreement may be terminated by SABCS.

2. **Pro-Rated Refund**
   Should SABCS terminate the Exhibitor Agreement due to the occurrence of circumstances not reasonably within the control of SABCS or because SABCS has determined that the premises are or may become unfit for occupancy, the exhibitor waives any and all claims for damages and agrees that SABCS may, after computing the total amount refundable to all exhibitors (i.e. the excess of the total of exhibitors’ deposits held by SABCS over SABCS’s costs and expenses in connection with its preparation for and conducting of the Exhibit Hall, including a reasonable reserve for claims and other contingencies), refund to the exhibitor, as complete settlement and discharge of all said exhibitor’s claims and demands, the exhibitor’s pro-rated amount of the total amount refundable to all exhibitors, based upon the amount of exhibitor’s deposit relative to the total deposits paid by all exhibitors.

Liability, Insurance and Indemnification

1. **Indemnification**
   The exhibitor agrees to indemnify and hold harmless the San Antonio Breast Cancer Symposium, Freeman Expositions, Inc., Freeman Audio Visual Solutions, Inc., Freeman Expositions, Inc., the meeting facility, and the affiliates and the respective directors, officers, members, employees, and agents of each (“SABCS Indemnities”), against all claims and liabilities arising in connection with exhibitor’s exhibit and use of exhibit space, including those arising in connection with any exhibitor contractor, except for any claims or liabilities caused solely by the negligence or wrongful acts of the SABCS Indemnities, or excluded below.
2. Exclusions from Liability
The exhibitor shall not be liable to the SABCS Indemnities for any loss or damage resulting from the perils of fire, lightning, windstorm, cyclone, tornado, hail, riot attending a strike, terrorism, widespread infectious or contagious diseases, civil commotion, smoke, motor vehicle damage, or aircraft damage, nor may the exhibitor hold the SABCS Indemnities liable for losses associated with such incidents. The exhibitor must carry its own insurance in amounts adequate to cover such conditions and other acts of God.

3. Insurance
Exhibitors are responsible for obtaining insurance in such an amount as deemed necessary to comply with the obligations contained herein, and for exhibitors’ own protection during the course of the meeting, including transit. Exhibitors shall, at their sole cost and expense, procure and maintain through the term of the Exhibitor Agreement the following insurance: Comprehensive General Liability insurance with limits not less than $1,000,000 including Contractual Liability and Products Liability coverage and Workman’s Compensation in full compliance with all laws covering the exhibitor’s employees. Such insurance must be in amounts adequate to cover indemnification for losses as set forth above. Proof of adequate insurance shall be provided to SABCS, or its agent or representative upon request through the online Exhibitor Resource Center no less than thirty (30) days prior to the first day of move-in of the meeting.

Security
SABCS will provide overall security for the duration of the meeting, but neither SABCS will indemnify exhibitors against loss and/or be responsible for loss of any exhibitor’s material by any cause. Each exhibitor must make provisions for safeguarding its own goods, materials, equipment and display at all times. Exhibitors are urged to obtain, at their own cost and expense, insurance for all goods, materials and equipment displayed in connection with an exhibit. Further details are included in the Exhibitor Service Kit for each meeting.

Notifications
SABCS will send an Exhibitor Service Kit and supplemental notifications via email as needed to all exhibitors. These materials will include order forms for services that may be needed and information on shipping, set-up, move-in and move-out procedures, notification of any special developments, etc.

Use of SABCS’s Designated Housing Agent
Exhibitors and their guests must use SABCS's Designated Housing Agent, Orchid Events, to procure housing for SABCS and shall abide by the rules of the Designated Housing Agent. Exhibitors or their agents must not negotiate blocks of hotel rooms directly with contracted SABCS participating hotels for current or future SABCS meetings.

Cancellation by Exhibitor
In the event of cancellation by an exhibitor, SABCS cancellation policy according to the schedule stated on the “Notice of Intent to Support/Exhibit Application” SABCS must receive notification of the cancellation in writing. The date that the cancellation notice is received by SABCS will determine the assessment charges. In the event of either a full or partial cancellation of space by an exhibitor, SABCS reserves the right to reassign canceled booth space, regardless of the cancellation assessment. Subsequent reassignment of canceled space does not relieve the canceling exhibitor of the obligation to pay the cancellation assessment. Cancellation of exhibit space includes cancellation of registrations allotted with exhibit space.

Public Relations
Organizations planning media events during any SABCS meeting are required to coordinate with SABCS’s Communications Department. Except for events sponsored by SABCS, press events such as media briefings, news conferences, press receptions, etc. are not permitted onsite at SABCS meetings. Companies may submit requests for hotel space to hold press events on meeting days; however, events must not conflict with the SABCS meeting, specified blackout times, or SABCS policies. For further information visit SABCS.org/2020-SABCS/Media.

All names, trademarks, service marks, brands, logos, designs, trade dress, slogans, and other designations of SABCS, including without limitation SABCS®, San Antonio Breast Cancer Symposium®, are the sole and exclusive property of SABCS. Use of any SABCS trademark without SABCS’s prior written permission is strictly prohibited, except for use of SABCS’s name as required in the disclaimer for signage and the disclaimer in other materials associated with satellite events.

Review of use of any SABCS trademark in any materials (including but not limited to promotional mailers, exhibit booth banners or decoration, or websites related to SABCS) will include review for consistency with this Policy. Unless permission is otherwise granted by SABCS in writing, the following usage policies will apply:

DISCIPLINARY ACTION
SABCS may take disciplinary action against a commercial firm or other individual or organization for any violation of this Policy, legal requirements, or the terms and conditions of any agreement with SABCS. Disciplinary action is in SABCS’s sole discretion. Violations may be handled informally through discussion between an SABCS representative and a representative of the violating organization. For instance, a policy violation may be corrected at a company’s booth during SABCS.

In rare cases, an exhibitor or other organization may be asked to leave SABCS immediately due to egregious or uncorrectable violations, and the organization will comply with the request. Any person or organization who is dismissed from the meeting may request that SABCS review the matter, provided, however, that such dismissal will be effective immediately and will continue until and unless SABCS issues a contrary decision.

Where other disciplinary action is warranted (even, in some cases, where there has been an informal correction during a meeting), SABCS will first send the organization a written statement of the violation. The organization will have the opportunity to explain the circumstances in writing. After due consideration of the organization’s explanation, SABCS will impose the disciplinary action, if any, deemed appropriate in SABCS’s discretion.

Possible disciplinary actions include, but are not limited to, suspension from involvement in upcoming or future SABCS meetings as an exhibitor or in another role, termination of the Exhibitor Agreement, and loss of all or part of allotted exhibit space or hotel accommodations, loss of priority in selection of exhibit space or hotel accommodations, or imposition of licensing fees.
