DECEMBER 6–10, 2022
Henry B. Gonzalez Convention Center | San Antonio, Texas, USA
DEAR SUPPORTERS AND FRIENDS,

UT Health San Antonio and the American Association for Cancer Research take great pride in presenting the San Antonio Breast Cancer Symposium which will take place December 6–10, 2022, at the Henry B. Gonzalez Convention Center.

We are proud that SABCS continues to provide a forum for interaction, communication, and education. SABCS attracts thought-leaders, academic and private physicians and researchers, as well as other health care professionals focused on curing breast cancer. SABCS facilitates discussion and education about new and late-breaking research including experimental biology, etiology, prevention, diagnosis, and therapy of breast cancer and pre-malignant breast disease, as well as new findings from clinical trials. The Symposium also attracts young investigators by providing superior education and training opportunities for the next generation of breast cancer researchers.

As you review the preliminary program on pages 21–24 you will see that our Program Planning Committee has worked with the breast cancer research community to put together a particularly strong program this year. As this letter is being written several more exciting potential topics and speakers are being confirmed, so be sure to check www.sabcs.org for the most recent program information.

International attendance is a key component of the symposium. More than half of our attendees come from more than 90 different countries outside the USA. We continue to offer substantial virtual attendance and online resources for free to those who cannot attend the symposium in person, wherever they may be based. Our supporters make all of this possible, for which we are sincerely grateful.

This prospectus provides a snapshot of what the Symposium has to offer and highlights important information. We invite you to take part in the 2022 Symposium with the same or even higher level of support. We hope that, whether you are a past supporter or new to SABCS, you will find a level of participation that is comfortable for you and of mutual benefit to us all.

Please contact Sharon Hill, SABCS@uthscsa.edu regarding any questions.

We look forward to hearing from you very soon.

Special SABCS discounted rates are available at over 20 conveniently located downtown hotels. Please see book.passkey.com/event/50257286/owner/1418/home for complete information and on-line reservations.

We have been informed that registrants are often contacted by fax, email or most often by phone with offers for cut rate hotel rooms. The intent is to convince you that the offer is made on our behalf, or that the soliciting company is a viable alternative to going through our service provider. This is not true. Hotel reservations for the 2022 San Antonio Breast Cancer Symposium are managed exclusively by Orchid Events and SABCS IGH.

Accreditation
This activity has been approved for AMA PRA Category 1 Credit.“

Financial Disclosure Statement
As an ACCME-accredited CME provider, the UT Health San Antonio School of Medicine must ensure that its CME activities are independent of the control of commercial interests. All speakers and planning committee members for UT Health San Antonio sponsored programs are expected to disclose (prior to the activity) all “relevant financial relationships” as financial relationships in any amount occurring within the past 24 months may potentially create a real or perceived conflict of interest.

The UT Health San Antonio CME Office reviews all financial disclosure information for all speakers, facilitators, and planning committee members; and determines and resolves all conflicts of interests.

2022 disclosure information will be available electronically beginning December 1 on the SABCS website.

POLICIES AND GUIDELINES

MARKETING OF PRODUCTS AND SERVICES OUTSIDE OF THE EXHIBIT HALL

Except as specified below, the only appropriate and acceptable venue for the distribution of advertising or marketing materials is the exhibit hall. Commercial firms and other organizations may not, for example, engage in marketing activities through the use of hotel television channels, individual company distribution of marketing materials in hotels (e.g., giveaways, flyers or door drops not sponsored by SABCS), or the branding of beverage napkins, hotel keys, etc. At the meeting venue, marketing materials may not be offered, distributed, or displayed anywhere other than the Exhibit Hall unless a specific prior exception has been granted by SABCS.

Mobile advertisements (including advertising via drones, buses, taxis, Segway’s, boats, planes, street cars, food trucks, etc.) within the meeting location’s metropolitan area, including airports, within ten (10) days before, during, or after the meeting, are strictly prohibited.

Stationary advertising (e.g. billboards and airport signage) requires advance review and approval by SABCS. It must be company and/or product specific and not include mention of SABCS or the name, dates, or venue of the SABCS meeting. Exhibitor booth numbers may be included. The use of any name, logo, or trademark of SABCS is strictly prohibited without SABCS’s advance written consent. For approval, please contact sabcs-exhibits@uthscsa.edu.

As an organization accredited by the ACCME to provide continuing medical education, SABCS maintains professional standards in relation to all events and activities at its meetings. In accordance with ACCME standards, SABCS does not permit exhibitors to promote SABCS’s scientific or educational programs. Advertising, marketing materials, and product literature distributed inside or outside the Exhibit Hall must not contain any reference to specific posters or meeting sessions. Companies may advertise activities taking place in their booth.

Exhibitors must submit a sample of all advertising or marketing materials related to SABCS, including but not limited to flyers, internet postings, emails, online advertisements, and postcards, for approval subject to compliance with SABCS mailing list guidelines.

Exhibitors using their own mailing lists must submit the sample materials in advance to SABCS. For approval, please contact sabcs-exhibits@uthscsa.edu or call 210-450-1550.

Exhibits And The Exhibit Hall

To ensure that exhibit space complements the educational mission of SABCS, SABCS will review requests for exhibit space to determine whether prospective exhibitors and their products meet SABCS criteria and standards. During its meeting, SABCS will monitor exhibitor activities, displays, products, giveaways, and conduct for compliance with SABCS policies, and the terms of the Exhibitor Agreement.
1. **General Requirements, Amendments**
   This Policy is to be construed as a part of the Exhibitor Agreement and together, the Exhibitor Agreement and this Policy supersede any other agreement between SABCS and exhibitors regarding exhibit space during SABCS, unless specifically provided in such other agreement. All interpretations, as well as answers to questions and matters not specifically covered by this Policy, will be decided by SABCS at its sole discretion. SABCS reserves the right to make any reasonable changes to this Policy or to the Exhibitor Agreement as necessary to ensure the health and safety of those in attendance and the orderly and appropriate operation of the Exhibit Hall.

   Exhibitors will be advised of any such changes by email and such changes will be equally binding on all parties affected and will take effect upon delivery of notice by SABCS.

2. **Safety and Access Laws**
   Exhibitors must comply with all applicable laws and regulations, including rules of the meeting facility. Exhibitors should follow government guidelines under the Americans with Disabilities Act of 1990 when providing for access to exhibit space. The exhibitor must strictly observe all applicable fire and safety laws and regulations. Cloth decorations must be flameproof. All electrical wiring and equipment installed must comply with the facility/local Electrical Code and Fire Department Regulations. Approved Electricians reserve the right to refuse connections where wiring constitutes a safety hazard or does not meet the Electrical Code. If an exhibitor is found in non-compliance of the Code, approved electricians may be able to correct the fault and restore the booth to Code. This will be done on a time and materials basis at the exhibitor’s expense.

   Exhibits must not block aisles or fire exits. No combustible decoration, such as crepe paper, cardboard, or corrugated paper shall be used at any time. All packing containers, wrapping material, etc. are to be removed from the exhibit floor and may not be stored under tables or behind the exhibits. Flammable fluids and material must be kept in safety containers in compliance with facility and local fire department rules and regulations. Open flames, all LP Gases, and oxygen tanks are not permitted.

3. **Liability for Damage to Property**
   Exhibitors are liable for any damage to facility property, including but not limited to escalators, elevators, floors, walls, or columns, or to standard booth equipment, or to other exhibitors’ property.

4. **Review and/or Expulsion of Exhibitors**
   SABCS may review the exhibit floor activities and online activities of exhibitors at any time. SABCS may deny an exhibitor access to or expel an exhibitor from the event without refund of any fees if, as determined solely by SABCS, such exhibitor has not complied in all material respects with policies, legal requirements, and terms and conditions of the Exhibitor Agreement and this Policy.

5. **Attorneys’ Fees, Governing Law, Jurisdiction**
   The Exhibitor Agreement between the exhibitor and SABCS, of which this Policy is a part, shall be governed by the laws of the Texas, without regard to choice of law provisions. The exhibitor and SABCS consent to the exclusive subject matter and personal jurisdiction of the federal and state courts in Texas, over any dispute arising under the Exhibitor Agreement or SABCS’s enforcement of SABCS policies and standards. In the event that SABCS litigates to enforce its rights, it shall be entitled to reasonable attorneys’ fees incurred in connection with a judgment obtained by it.
Eligible Exhibitors

Only a company or other organization identified in a signed Exhibitor Agreement that has been approved by SABCS may exhibit at or in connection with SABCS. SABCS retains the sole and exclusive right to determine which companies and organizations may exhibit at or in connection with SABCS. Only the organization whose name appears at the top of its Exhibitor Agreement is eligible to be placed in the booth or appear on any printed list of exhibitors.

Eligible Exhibits

SABCS Review of Exhibits

Eligible exhibitors may exhibit commercially available oncologic and health/wellness products and services whose marketing, safety and efficacy have been determined as required by applicable law, provided that the specific products or services have been approved for exhibition by SABCS. Products eligible for exhibition are oncologic and health/wellness-related products, equipment, and services that, upon review by SABCS and at the sole determination of SABCS reviewers, are marketed for the labeled indication or promoted for a use in accordance with applicable legal requirements, including as required by the Food, Drug, and Cosmetic Act and FDA regulations when applicable.

Compliance with Applicable Law and Regulations

All exhibits and exhibited items must comply with all applicable local, state, and federal law and regulations. Exhibitors are responsible for compliance with meeting applicable legal requirements, including, if applicable, FDA regulations which govern the labeling of displayed products, prohibit sponsoring hands-on or educational events for non-approved products, and affect how booth descriptions may be listed in meeting programs. For more information on FDA compliance, refer to the FDA’s website at fda.gov.

1. Theatres, pavilions, and other designated areas

Exhibitors whose products or services meet the requirements of a Theatre, pavilion or designated area in the Exhibit Hall (as determined by SABCS), as well as SABCS’s guidelines for eligible exhibits, may be eligible to exhibit or engage in specified activities within an SABCS-designated Theatre or other areas. Any special requirements, policies, or guidelines developed by SABCS for designated Theatres other areas in the Exhibit Hall are to be construed as part of this Policy and the Exhibitor Agreement.

2. Restriction Upon Exhibition of Dietary Supplements

Dietary supplements that (i) make any claim to diagnose, mitigate, treat, cure, or prevent any disease, specific class of disease, disease symptom, or abnormal medical condition; or (ii) claim an effect similar to that of an approved drug, biological product, or medical device may not be exhibited without SABCS’s prior written approval. Approval shall be in SABCS’s sole discretion, but will not be granted unless sufficient documentation is provided to SABCS that demonstrates that the product’s claimed health benefit(s) are supported by competent and reliable scientific evidence. Requests for approval may be submitted to sabcs-exhibits@uthscsa.edu.

3. Restriction Upon Market Research Products and Services

Exhibits with a primary purpose of exhibiting or conducting market research, business intelligence, identification of key opinion leaders, identification of data sources, or similar activities not consistent with the tenor of the Exhibit Hall are not eligible.

Restriction of Exhibit Materials to Exhibit Space

Except as otherwise approved by SABCS in advance and in writing, at the meeting venue, exhibit materials and advertising may not be displayed or distributed beyond the perimeters of the exhibitor’s assigned booth and exhibitors must comply with other provisions of this Policy.
Exhibit Content and Booth Regulations

1. Exhibit Content and Activities
   The Exhibit Hall atmosphere must always be congruent with the educational mission of SABCS. All booth activities and content must be professional in nature and provide educational information related to the field of breast oncology.

2. Advance Approval of Booth Activities Required
   Exhibitors must submit to SABCS any request for booth activity for approval no less than thirty (30) days prior to the first move-in day for the SABCS. Passing out exhibitor materials and information and talking to attendees within an exhibit booth are not considered booth activities and do not need to be included in exhibitors’ approval requests.

3. Admission to the Exhibit Hall
   Exhibitors must wear the official SABCS supplied badge at all times in the Exhibit Hall. All badges are nontransferable and are the sole property of SABCS. SABCS and event security personnel reserve the right to revoke any badge at any time. Access to the Exhibit Hall during set-up and dismantle times for booths is restricted to the published hours unless special arrangements have been made with SABCS. Please contact SABCS security for assistance with access to the Exhibit Hall for hours other than those listed.

4. Exhibit Space Selection
   SABCS shall assign exhibit space and reserves the right to change the location of said exhibit space at any time and for any reason. Exhibitors who change the size of their exhibit space are not guaranteed the originally assigned location and are subject to relocation by SABCS.

5. Exhibit Display and Exhibit Booth Construction
   All exhibit floor spaces must be completely carpeted or covered with an approved material (bare floors in booths are not allowed). If an exhibitor’s floor space is not covered by 2:00 PM on the day prior to the Exhibit Hall opening, SABCS will arrange for the general services contractor to install carpet at the exhibitor’s expense. Exhibitors may not apply paint, lacquer, adhesive or other coatings to building columns, floors or walls, or to standard booth equipment. Electrical cords, rear sides of audio/visual equipment and other aspects of the exhibit not intended for public view must be concealed or displayed so as not to distract from neighboring exhibits. Any portion of exhibit with visible unfinished sides or back exposed must be draped off at the exhibitor’s expense.

   Raised floors must be non-hazardous and wheelchair accessible. Edges of raised floors must be ramped or guarded sufficiently to prevent people from tripping or falling at transitions.

6. Inline Booth
   Inline booths are generally arranged in a straight line and have neighboring exhibitors on their immediate right and left, leaving only one side exposed to the aisle. SABCS will provide a standard draped booth, consisting of an 8’ high backdrop, 36” draped side rails, and a 7”x44” Company ID sign which will include the “exhibiting as” company name from the exhibit space application and the booth number. Hanging signs are not permitted over inline booths.

   Regardless of the number of inline booths utilized, display materials should be arranged in such a manner so as not to obstruct sight lines of neighboring exhibitors. The maximum height is allowed only on the rear half of the booth space, with a 4ft (1.22m) height restriction imposed on all materials in the remaining space forward to the aisle. No objects or decorations that obstruct visibility will be permitted. Note: When three or more inline booths are used in combination as a single exhibit space, the 4ft (1.22m) height limitation is applied only to that portion of exhibit space which is within 10ft (3.05m) of an adjoining booth.

   Inline booths that are 14’ height (any booth over 10’) will be placed on the back wall.

7. Corner Booth
   A corner booth is an inline booth at the end of a series of inline booths with exposure to intersecting aisles on two sides.

   Corner booths do not include 36” draped side rails on the open corner(s) unless special arrangements have been made in advance. For special arrangements, please contact sabcs-exhibits@uthscsa.edu for other guidelines for inline booths apply.
8. Island Booth

An island booth is exposed to aisles on all four sides. An island booth is typically 400 square feet (20’x20’) or larger, although it may be configured differently. Exhibitors who wish to construct an island booth are required to submit a scaled floor plan and elevation diagram (digitally) to SABCS for approval at least thirty (30) days prior to the Symposium. These plans must include hanging signs, rigging components, and water features. The plan must include the scale utilized. Any changes that occur after initial submission must be resubmitted to SABCS for approval prior to the Annual Meeting. Multi-level island booths are not permitted.

Island booths are to be constructed to allow a contiguous two-foot (2’) access into the booth from all sides (aisles) to allow attendees to view booth items within the confines of the booth. Kiosks, podiums, help desks, etc. must be set back two feet (2’) from the entry access point of the booth. Walls built within an exhibitor’s booth are exempt from this requirement. All island booths must have ample sight lines to ensure adjacent exhibits are visually accessible. The maximum height of an island booth is fourteen (14) feet. The top of the booth’s sign may not extend more than fourteen (14) feet from the Exhibit Hall floor and cannot block the visibility of SABCS signs or other exhibitors’ booths. There must be a minimum clearance of 8’ from the bottom of any hanging sign/structure to the Exhibit Hall floor if attendees are expected to walk below such sign/structure. Signage over walls or static structures will require a significant clearance between the top of a wall or static structure and the bottom of a sign, banner, or header to ensure clear sight lines through the Exhibit Hall. Hanging signs must be hung directly over the island booth and not in the aisles. Installation of hanging signs must take place according to the schedule provided in the Exhibitor Service Kit.

Disciplinary Action

SABCS may take disciplinary action against a commercial firm or other individual or organization for any violation of this Policy, legal requirements, or the terms and conditions of any agreement with SABCS. Disciplinary action is in SABCS’s sole discretion. Violations may be handled informally through discussion between an SABCS representative and a representative of the violating organization. For instance, a policy violation may be corrected at a company’s booth during SABCS.

In rare cases, an exhibitor or other organization may be asked to leave SABCS immediately due to egregious or uncorrectable violations, and the organization will comply with the request. Any person or organization who is dismissed from the meeting may request that SABCS review the matter, provided, however, that such dismissal will be effective immediately and will continue until and unless SABCS issues a contrary decision.

Where other disciplinary action is warranted (even, in some cases, where there has been an informal correction during a meeting), SABCS will first send the organization a written statement of the violation. The organization will have the opportunity to explain the circumstances in writing. After due consideration of the organization’s explanation, SABCS will impose the disciplinary action, if any, deemed appropriate in SABCS’s discretion.

Possible disciplinary actions include, but are not limited to, suspension from involvement in upcoming or future SABCS meetings as an exhibitor or in another role, termination of the Exhibitor Agreement, and loss of all or part of allotted exhibit space or hotel accommodations, loss of priority in selection of exhibit space or hotel accommodations, or imposition of licensing fees.
